School Uniform Dress Code

As with all other aspects of FCA, our expectation when it comes to attire is that our students and staff bring honor and glory to our Lord. Adherence to the uniform dress code is the responsibility of the students and parents.

Students will be expected to yield to the authority of faculty and staff when issues regarding the uniform dress code are addressed. Once an issue with the uniform dress code is identified, the student will be asked to contact parents to bring appropriate attire to school. All clothing must be size-appropriate and follow the dress code guidelines.
