

Mrs. Susan Haynes
High School Science Teacher

Mrs. Susan Haynes serves as a High School Science Teacher at FCA, teaching Environmental Science, Biology, and Chemistry. In addition, she teaches the middle school electives Marine Life and Crocheting & Needlepoint. She is passionate about helping students develop a deeper understanding of God's creation while building meaningful relationships that support both academic and spiritual growth.

Mrs. Haynes holds a Bachelor's Degree in Music Education (K-12) from the University of Florida and has completed science coursework through Florida State College at Jacksonville. She holds Florida Teaching Certifications in Music Education (K-12), Middle Grades Science (5-9), and Biology (6-12), and earned National Board Certification in 2006.

Mrs. Haynes began her teaching career in 1986 and joined FCA in 2026. Throughout her career, she has served students in several Florida schools, including Stanton College Preparatory School, Yulee Middle School, West Nassau High School, and Charlotte High School. She strives to create an organized classroom environment where students can grow academically while developing meaningful relationships with their teachers and peers.

Faith is central to Mrs. Haynes' approach to teaching and daily life. She is grateful for the opportunity to openly share the love of Christ through Christian education and hopes to encourage students to see that living a God-honoring life is both attainable and rewarding.

Mrs. Haynes and her husband have four adult children and five grandchildren. In her free time, she enjoys music and golfing. Having attended Family Church for more than 20 years, she is excited to be part of the FCA family and invest in the lives of students through Christ-centered education.
